

CASED HOLE ELECTRIC LINE

SERVICES

- Production logging with array multisensory tools.
- Multi barrier corrosion tools and calipers.
- Leak detector tools
- Cement evaluation technologies
- Downhole video
- Pulse neutron tools
- Plug Setting
- Plug Retrieval
- Cement Dump Bailer
- Dummy Cement Bailer
- Bridging Material Bailer
- Dummy Plug Run
- Kaseum Tubing Puncher
- Dummy Tubing Cutter
- Memory Production Logging Tools (MPLT)

TYPE OF LOGGING

I-SOLUTION INTERPRETATION

- All Cased Hole Logging data from Fluid Analyzing tool & Physical Integrity are interpret by i-Sols team such as:
 - ☑ Conventional Production Logging (PL)
 - ☑ Advanced Production Logging (APL)
 - ☑ Cement Bond Log
 - ☑ iSaturation Log
- Tubing/casing inner diameter evaluation
- Tubing thickness evaluation
- Pressure Build Up (Test)
- Leak detection services
- Downhole Pressure & Temperature Analysis

APPLICATION

- Cased Hole Logging (Fluid Analyzing, Physical Integrity) Explosive & Perforation Services
- Mechanical Services
- Pipe Recovery Services
