

CEMENT PUMP BALLER

KEY FEATURES

- High Volume capacity, modular filter tubes
- Field proven Omega electronic timer
- System rated up to 185 C & 15k psi
- Variable delay time
- No tagging or jarring action required to actuate
- Top & Bottom filling options

APPLICATION

- Slickline deployment of cement/sand/proppant above barrier plugs
- Well abandonment
- Scale removal from safety valves/plug/Xmas tree using acid/chemical
- Hydrate removal

APPLICATION

- Deployed via slickline, reducing E-Line requirement
- Accurate deployment of sand/proppant/cement/acid/methanol
- No pyrotechnics required to operate tools
- Modular design facilitates access in restricted height deployment
